HOMICIDES IN SOUTH CAROLINA.

Mr. Louis J. Bristow Analyzes Report of the Attorney General-Number of Cases and Acquittals.

A recent letter to the press of the State in which I gave the number of homicides committed in South Caroing curing the last six months of 1907, caused a number of papers both in this State and others to ask for a record of the convictions for murder during the same time. A careful study of the report of the attorney

general reveals the following facts: There were tried in South Carolina n 1907, 346 cases in which the defendant was charged with murder. Of these, 10 defendants were convicted of the charge and sentenced to death; 30 were convicted but were ecommended to the mercy of the court; which, under the statute, reduced the penalty to a life term in the penitentiary: 44 were convicted of manslaughter and given short terms in the penitentiary, or on the county chaingangs. Besides these, there were 15 convictions reported from the Second judicial circuit wherein no record of degree of guilty or of sentence was given, and eight a therekee and three in Union. The otal number of convictions thus was

There were no murder trials in Pickens or Ocones counties. In other sunties they were as follws:

First circuit-Berkeley, 8; Georgeown, 5; Dorohester, 20; Orangeburg, 15; total, 48. Death penalty-Ceorgeown, 1; Orangeburg, 1; Dorchester, 1. Life term-Georgetown, 1: Orangeburg, 2. Short terms—Berkeley, 2; Dorchester, 7; Orangeburg 6; total convictions, 21.

Second circuit—Alken, 14; Bamberg, 12; Barnwell, 12; Hampton, 2; total, 40. Convictions 15, but no record of sentences.

Third circuit-Clarendon, 4: Floronce, 3 (1 manslaughter); Lee 6; umter, 8; Williamsburg, 8 (manughter); total, 18. Death penalty, ne. Life term-Sumter, 1; Wilburg. 2; Clarendon, 1. Short term-Le, 1; Clarendon, 3; Sumter, . Total convictions, 9.

Fourth circuit Chesterfield, 2; Darlington, 2; Horry, 1; Mariboro, 8; faction, 45 total, 17. Death penalty, in Mariboro. Life term, Mariboro, Short terms Chesterfield, 2;

Fifth circuit-Edgeneld, 10 (1 manaughter); Kershaw, 6 (2 manslaughter); Lexington, 7 (1 manslaughter); Richland, 11 (3 manslaughter); total, 34. Death penalty, none. Life tagen—Richland, 1; Edgefield, 1. Short terms Edgefield, 1; Kershaw, 2; total convictions, 5 (and 2 in Richland county in which new trials were ganted by trial judge).

Sixth circuit-Chester, 11; Fairfield. : Lancaster, 6; York, 9; total, 30. Death penalty-Chester, 2; Fairfield,

Life term-Chester, 3. Short erms Chester, 5; Lancaster, 3; Pairfield, 1; York, 2; total convictions, 17. (It is worthy of note here that of Chester's 11 cases there were (convictions.)

Seventh circuit-Cherokee, 8; Sparanburg. 8; Union, 6; total, 22. Death enalty, none. Life term-Spartanburg. 2. Short terms Spartanburg, total, 5. (There are no records for Cherokee and Union.)

Eighth circuit—Abbeville, 7 (2 manslaughter); Greenwood, 4; Laurens. 30 (7 manslaughter); Newberrry, 11 (4 maneleughter); Salude, 11 (4 manslaughter); total, 63. Death sennce-Greenwood, 1. Life term-Laurens, 6; Newberry, 1; Saluda, 2 Short terms—Abbeville, 2; Greenwood, ; Laurens, 7; Newberry, 4; Saluda ; total convictions, 25.

Ninth circuit-Beaufort, 1; Colleton, 6 (1 manshaughter); Charleston, 27 (8 manslaughter); total 34. Death penalty, none. Life term-Charleston, 2. Short terms Colleton, 1: Clarendon, 3; total convictions, 6.

circuit-Anderson, Tenth 17: Greenville, 13; Oconee, none; Pickens, none; total, 30. Death penalty, none. Life term-Anderson, 6. Short terms -Anderson, 2; Greenville, 5; total convictions, 18.

I have simply given the figures as compiled by the solicitors for the attorney general. They need no comment further than to say that out of 346 cases tried there were only 110 convictions. Of course, it does not follow that the other 236 men were guilty of murder and "got off." But these figures reveal the fact that the taking of a human life in South Carolina is not often considered a crime against mciety.

One other matter: While of the 346 no less than forty were conjucted by as many juries of felonious and wilful murder, 30 of those juries declined to permit the inurderers to be independent of the property of the average Jewish family is simply in a steady of the averag these juries were.

LOOKS LIKE A FAKE.

Chicago Sports Think Wrestlers Hand Them a Great Big Lemon. Percy Whiting in The Georgian

This fake wrestling game is a sick ening thing.

As wise a tewn as Chicago and as big a club as the Casino Athletic Club has just been stung by as raw a fake as was ever perpetrated.

Here is the story of the "bilk" as sent out from Chicago:

It was the Geldel-Hudson bout, the second shady affair at the Casino, which made Chief of Police Shippy pound his desk yesterday. Gieldel, one of the best men on the C. A. A. wrestling squad, was easily defeated by one "Bert Hudson," alleged to be a dry goods clerk fom St. Louis. It was however, brought out that "Hudson" was none other than Ackerman, champion welter-weight wrestler the country.

Not being "in" on the deal, mempers of the C. A. A., who backed Geldel lost quite a roll. It is claimed on all sides that practically every man of the Casino club knew that the wrestler was Ackerman. Charles Olsen and Fred Gotch are both said to have known Ackerman, but kept silent. The evidence seemed overwhelming and Chief Shippy has decided to "do things to wrestlers and promoters alike."

The promoters themselves denied in half-hearted sort of way yesterday that he knew anything about the "ringer." Dr. Mesage said that he believed that Hudson was the real name of the wrestler. Matchmaker Coffey admitted that he heard before the match that "Hudson" really was Ackerman, The wrestlers themselves have departed from the city, leaving the followers of the game to hold the bag, as usual.

Now, wasn't that a lovely performance, considered from all points?

And ain't you all glad that the restling game is not tolerated. in If you're not, you ought to be.

As to this the New Yorker was noncommittal.

Mr. Ridder is the head of the merican Newspaper Publishers' association, and he has been here for some days trying to get the tariff taken off white paper. It was said at the White House that he had talked this over with the president, and that Mr. Roosevelt was favorably disposed to the movement.

Mr. Ridder had talked with Attorley General Bonaparte today, and there is reason to believe that proreedings are contemplated under the Sherman law against the fo-called white paper trust.

Speaker Connon was in a bitter mood when he left the White House and was asked about paper legislation.

"I don't know a damn thing about said the speaker. "Nothing of that kind is pending before congress."

THE JEWS.

There is not a drop of Jewish blood in my veins. I am not connected with the Jews by the marriage of any near or distant kinsman. I owe no Jew a dollar and no Jew owes me. Among all my personal or intimate friends I cannot name one single Jew. I speak, therefore, from the vantage ground of absolute independence and impartiality.

It is a splendid race-splendid in their patience, in their love for one another, in their endurance, in their sagacity and temperate habits, in their intellectual resources, and splendid in their inflexible adherence to their Mosaic ideals.

Do you want an aristocracy of blood and birth. The Jews, then, are the purest blooded people and have the best established descent in the world. Neither did Mirabeau in the French Assembly nor Patrick Henry in the House of Burgesses, nor did Sam Adams in old Colonial days, ever say a more thrilling thing than Disroell in the English Commons in reply to O'Connell's charge that he was a Jew: "Yes. I am a Jew!" and when the ancestors of the right honorable gentlemen were brutal savages in an unknown island, mine were priests in the temple!"

Do you seek an aristocracy of talent? The great church historian Neander was a Jew; Napoleon's morshals, Soult and Messana, were Jews; Gambetta was a Jew; the brilliant and cynical Heine was a Jew; andbut the world's roll of great soldiers, authors, musicians, painters, poots, philosophers, and financiers, contains more Hebrew rames than I could recite in many hours.

Are you looking for an aristocracy of wealth? The combined financial power of the Jaws of Europe and America can prevent the ficating of any national loan which may be put upon the markets of the world.

'It is a spurious false Christianity that hates Jews. The mystery of the Incarnation found expression in the flesh and blood of a Jew, and therefore, in a sens: we worship a Jew. We get our ten commandments, the ver four dation of our civilizationthrough the Jews. We sing Jewish psalms, we are uplifted by the passion and poetry of Jewish prophets, "Roosevelt's going to run on the and we rely on Jewish biographies Republican ticket. The candidates for the only history we have of Christ. We get our Pauline theology from a Jew, and we catch our earliest glimpse of the next world through the sublime apocalyrtic vision of a Jow. The forsooth, we Christians turn about and meer at Jews. I have conversed with teachers of philosophy who spoke slightingly of the Jews, and yet were teaching with enthusiasm ideas which they had absorbed from Maimouldles and Spinoza, the two greatest philosophers, omitting Kant, since Ploto's day-both of them Jews. I have heard musicians

ncunco Jews and then spend days and nights trying to interpret the beauties of Meyerbeer and Strauss-all Jews. I talked the other day with a gifted actress and heard both her and her husband sweepingly condenm, confidontially, of course, the whole race of lews, and yet that woman would give haif her remaining life if she could only reach the heights which the great queen of tragedy, Rachel, trod with such majesty and power-and Rachel was a Jowess, as is Bernhardt, the greatest genius on the stage to-day. Here in Washington 1 heard aspiring politicians. when beyond the reach of the repencil, sneer at Jews, and yet it was a Jew that made England's Queen Empress of India, and it was a Jew who was for years the adrolt and sagacious chairman of the national committee of one of our great political parties. The most powerful intellect in the Southern Confederacy was that of Judah P. Benjamin, a Jew; and Chase, when managing our national finances in a perilous time owed much of his success to the constant advice of a New

York Jew. That you never see a Jew tramp or Jew drunkard is a proverb; that you never see a Jew begger is a commonplace; and it is a statistical fact that there are relatively fewer inmates of our hospitals, jails and werkhouses furnished by the Jews than any other race contributes. And yet, the two greatest philarthropists of modern times, Baron Hirsch and Monteflore, were both Jews.

There is no sweeter domestic life on earth than is found in Jewish The young man drew herself up, homes. How rarely we hear in our self-sacrificing love among the chilcharming women in the world.

Convert the Jews? Yes, but meanat those meetings where all play bell and the baseball park is live- who escaped. They were all connect- while let us convert many of our
